UPDATE TO ALL FAMILY AND FRIENDS

Hello on a rainy Monday morning. We had a lot of laughter and movement here today doing the Chicken Dance. I was on one of the home areas dancing with the staff and residents, having a great time. It added a bit of fun and energy to the home. Thank you for participating in the dance virtually. I hope it lightened your load today.

The residents with respiratory symptoms continue to improve and all are off isolation on Galway. The home area will be clear on Wed. April 1. If anyone develops respiratory symptoms they are immediately isolated in their room so that they can be monitored very closely.

Everyone continues to be actively screened at the entrance and anyone who has traveled outside of Canada in the last 14 days, has any respiratory symptoms, has been in close contact with a confirmed or probable COVID-19 case or has been in close contact with a person with respiratory symptoms are being excluded from work until we can discuss the specific situation with them and public health. This is reviewed on a case by case basis as there are many different scenarios.

We will continue to do our very best in these uncertain times.
