UPDATE TO ALL FAMILY AND FRIENDS

Hello, the ongoing battle against keeping COVID-19 out continues at St. Pat's. I am very pleased to let you know that we have no residents on respiratory precautions and are not awaiting any test results for residents at this moment. All clear as of right now! Unfortunately, this can change but today we celebrate this victory.

We continue to monitor residents twice daily for any signs of the symptoms of COVID-19. The staff have been super heroes in reporting all symptoms and addressing these quickly. If a resident displays **any** symptom they are immediately isolated, and a swab is completed. The resident will remain in isolation until the results of the testing are received. This can be difficult for the residents but they have been champions in staying in their rooms and this is greatly appreciated.

This week is National Volunteer Week. This is an opportunity to recognize our volunteers for their hard work and dedication to the home. We are missing all of our wonderful volunteers at this time and hope that they are all staying safe and healthy.

**THIS #NVW2020, LOUDLY AND PROUDLY
APPLAUD THIS NATION'S VOLUNTEERS!**

NATIONAL VOLUNTEER WEEK 2020 APRIL 19-25

We miss you and hope that you are staying well at home,

Janet Morris
President & CEO
