UPDATE TO ALL FAMILY AND FRIENDS

Hello, once again I am glad to report that we do not have any further positive Covid19 results. We continue to test a number of residents daily whenever someone has any of the typical or atypical symptoms and are awaiting swab results daily.

We will be having regular broadcasts from the Gathering Place using our closed-circuit TV channel at 2 pm. Yesterday, Robert Ienzi started this program off, and today, Anne Hurley, one of our volunteers and a regular pianist at St. Pat's, will be our first musical performer! Anne will be performing every Thursday going forward. Residents will have their TV's turned on if they would like to watch.

St. Pat's is very thankful to a great number of community groups who are providing support to the staff at St. Pat's. This support is shown in many different ways but this week we have had many food deliveries!

Thank you to Tim Hortons, the FrontLineFeeds Ottawa-Gatineau (a group of medical students supporting front line workers) and today Immaculata High School students brought in some treats for the staff!

Stay safe and stay healthy,

Janet Morris
