UPDATE TO ALL FAMILY AND FRIENDS

Hello, there are no new positive COVID-19 test results at this time. The good news is that three of our nine residents who were positive are now recovered, meeting all of the public health criteria for recovery. Therefore, we are considered to have six remaining COVID-19 cases. We are going in the right direction. We continue to closely monitor all residents for any symptoms.

The broadcasts from the Gathering Place are a success. We have a number of other entertainers who will be starting to perform via the closed-circuit TV channel soon. Next week we have programming for Tuesday, Wednesday and Thursday.

Today we have Welch LLP, our audit firm; and Kelly Santini, our law firm, providing lunch for staff. We are very fortunate to have an anonymous donor providing a meal for all of the staff working on evenings and nights as well. The kindness of our community is greatly appreciated.

Be well and safe,

Janet Morris
President & CEO
