UPDATE TO ALL FAMILY AND FRIENDS

Hello, I am very happy to let you know that we remain Covid19 free again today.

We are appreciative of the Ottawa Hospital staff who have now left St. Pat's. We are doing well with recruitment and our staffing level is back to normal.

The garden visits are going very well (weather permitting) and today we have 20 visits scheduled. Please remember to bring your mask and if you are bringing packages, drop them off between the front doors before your visit. I know that the weekend weather is calling for some showers, but we hope that the weather will hold out for the scheduled visits over the weekend.

Have a safe weekend,

Janet Morris
President & CEO
