UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have now completed the testing for all residents, with thanks to the persistence of staff! We are starting to see some of the resident results from earlier this week come in and to date all are negative! We will be monitoring all of the results over the weekend and if there is any change we will provide an update. Our hope is that you will not hear from us until Tuesday, Aug. 4.

The window visits have started again. As a reminder if you would like to have a visit, please contact reception to schedule a time. Unfortunately, the two home areas on full isolation precautions cannot participate at this time but skype and facetime visits are ongoing.

Have a great and safe long weekend,

Janet Morris
President & CEO
