UPDATE TO ALL FAMILY AND FRIENDS

Hello, we are happy to report that we remain COVID-19 free! The results from the staff surveillance testing completed last week continue to be received with no positive results to report! We will be completing staff surveillance testing again next week.

Now that the weather is getting cooler, especially in the mornings, staff have been reminded to ensure that residents being brought down for garden visits are dressed appropriately. If you have taken your loved ones fall/winter clothing home over the summer, please bring in something suitable for the cooler days if they will be spending any time outside.

We have observed an increase in congestion at our front entrance screening station during the 3pm shift change. Please keep in mind that **indoor visitors should not be entering or exiting the building between 2:30pm and 3:15pm**. Staff are our priority for screening in and out at that time. Thank you for your anticipated cooperation.

Be well and stay safe,

The Leadership Team
