UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have just heard from Public Health regarding our outbreak status. Unfortunately, we remain in outbreak as there is one resident result that we are awaiting and until that result is received we will remain in outbreak. This is unfortunate and hopefully we will see this result in the next few days and therefore can move forward with the outbreak being declared over. We do know that the testing results are taking a longer time to be received and this is due to the overall pressure for testing within the overall system. We are included in this delay as well!

Today at 2 pm. we have the RCMP Pipe and Drum band performing in the garden for the residents. We will include some pictures in the update tomorrow.

Be well and keep positive,

Janet Morris
President and CEO
