UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have received no further positive test results.

Ottawa Public Health has changed the most recent direction on testing and all residents will now be tested. This resident testing has been started on the 6 home areas which were not tested yet this week. The resident testing is completed for Donegal, Dublin and Kerry.

Ottawa Public Health has provided new direction on outdoor activities. They are requesting that residents do not go out for walks while we are in outbreak. The goal is to keep residents as much as possible on their resident home areas to reduce the risk of spread through the building. I know that this is very difficult for everyone but during an outbreak it is a necessary precaution.

Thank you for your continued support in keeping the residents, staff and yourself safe,

Janet Morris
President and CEO
