UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have received no further positive results. The resident test results have started to come in and no positive Covid19 results to date.

As a reminder on this Thanksgiving weekend, that only one designated caregiver can visit at a time. Designated caregivers must have had a Covid19 negative test result in the past 14 days. We will provide the necessary PPE for visiting but if you have your own eye protection please bring this with you as it is often more comfortable.

Just as a reminder, we are asking residents and families to stay on their own home area and not to walk around the building or outside.

Although we cannot gather as would normally occur on Thanksgiving, a traditional turkey dinner will be served for all of the residents on Sunday.

We will provide the next planned update on Tuesday, Oct. 13. If there is anything that we need to communicate over the weekend we will with an update but as you know no news is good news!

I would like to wish everyone a very safe Thanksgiving. Although 2020 has brought many hardships and challenges, it is a time to stop and remember all of the things for which we can be thankful.
