UPDATE TO ALL FAMILY AND FRIENDS

Hello, the residents on Donegal (3rd floor) had a Covid19 swab done on Friday evening after receiving a positive swab from one resident earlier. Unfortunately, one other resident has tested positive during this round of testing. Thankfully both residents are doing well at this time. All of the other residents are negative for Covid19 from this testing. The residents on Donegal remain on full droplet and contact precautions requiring mask, eye protection and gowns. The resident's meals are being served in their rooms.

We are awaiting a swab result from the resident on Wexford (5th floor). Once that result is received we will follow up with Ottawa Public Health to confirm that Wexford can return to droplet precautions only and resume meal service in the dining room. We will keep you informed as we receive further information.

Be well and safe,

Janet Morris
President and CEO
