## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello on this snowy day, we have received no additional positive Covid19 results. We have received all of the resident results from last week's surveillance testing and all are negative. At this time there are only 2 active cases remaining, one resident on Wexford and 1 staff who continues to self isolate at home. We wish all a full and speedy recovery. Thankfully all other cases are resolved.

We continue to test all residents who are showing any typical or atypical symptoms on an ongoing basis.

Thank you to everyone who is visiting for having your negative Covid19 results ready to show the screener when you arrive. The screener needs to see your name, the date of testing and the result of the test.

Be well and take care of yourself,

***Janet Morris***
