UPDATE TO ALL FAMILY AND FRIENDS

Hello, we are very happy to let you know that the outbreak on Wexford has been declared resolved by Ottawa Public Health. The residents can go to the dining room for meals as per the schedule to maintain physical distancing in the dining room. Designated caregivers can take the residents to the garden as per the schedule or balcony (one resident at a time) for fresh air.

Kilkenny remains on full isolation precautions as public health continues to complete their assessment.

Stay safe and healthy,

Janet Morris
President and CEO
