## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello, unfortunately we were informed that another person has tested positive as a result of surveillance testing. The families of the residents on the resident home area were informed last evening.

The person worked as a sitter on Kilkenny and their last working day was on Dec. 25. Kilkenny is therefore on full isolation precautions and residents will be served their meals in their rooms. Designated caregivers can continue to visit during this outbreak wearing a mask, eye protection and a gown.

As you know all residents across the Home are in the process of being swabbed for Covid19 and we will keep you informed as we receive these results.

Although there is work being done on the website, it continues to be out of commission. As soon as it is back up and running we will update the website.

Stay well and safe,

***Janet Morris***
