UPDATE TO ALL FAMILY AND FRIENDS

Hello, we are so happy to report that we have no further positive Covid19 results at St. Pat's.

Designated caregivers and staff on Wexford must wear a mask, gown, eye protection, and gloves. Residents are asked to isolate in their room. Staff will deliver meals to Resident rooms. We appreciate how difficult it must be to isolate in your room, so we are deeply grateful for your continued support and cooperation. If there are no new cases, then Ottawa Public Health may declare the outbreak resolved on Wexford (5th floor) on February 10th.

All other home areas remain on droplet precautions, which means that caregivers and staff must wear a mask and eye protection.

A sincere Thank You to all for following our infection prevention and control practices, having weekly Covid19 tests and still coming in with a smile. I know that all of the effort of staff, our visitors and the residents has kept St. Pat's a safe place during this pandemic.

Stay safe and be well,

Janet Morris
President and CEO
