## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello, we remain Covid free!

The virtual service to commemorate the first anniversary of when the World Health Organization declared the global pandemic was held yesterday. The take-away message from the service was one of hope for the future.

There is no other news to report today. Being that things are stable at the moment, we will plan to move to a weekly update each Wednesday. We will of course communicate any changes or news as it occurs.

Stay safe and enjoy your weekend,

***Janet Morris***
