UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have received almost all of the resident results from the Covid testing last week and all are negative. The staff results are also being received and again all negative.

Public Health is requiring that our staff have PCR testing again this week, but residents do not need to be retested. Staff will have PCR and rapid testing completed this week again, so there may be a line up for rapid testing as the PCR testing for staff is occurring in the same location.

Getting outside for fresh air with our beautiful spring weather is important. The garden visits schedule continues with each home having a time each day. The schedule is attached to this update. It is very important that residents and designated caregivers follow the schedule for the use of the garden space. Our goal is to ensure that people from different home areas are not interacting with each other. If there was a positive case on one home area and there was interaction with people from a different home area, both home areas would be on full precautions. Our goal is to minimize contact so that there is less restrictions should there be a positive case.

Be safe and well,

Janet Morris
President and CEO

Garden Access Schedule March 22 - April 4
