## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello, we are happy to let you know that there have been no further positive results.

The results from the residents on Kilkenny have now all been received and are all negative. Given the exposure risk was with only one sitter and one resident, Ottawa Public Health has removed the full isolation precautions on Kilkenny. Residents can now have their meals in the dining room and the required PPE is masks and eye protection.

Donegal should be off of isolation precautions on April 7th at midnight, so the actual precautions will be over on Thursday. We will need to wait for Ottawa Public Health to authorize the reduction of the isolation precautions.

Be well and stay safe,

***Janet Morris***
