UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have had a staff member with a positive rapid test today. There will be some residents on Dublin who had close contact in the previous couple of days who will be on isolation while awaiting the results of the PCR test. The families of these individual residents have been notified of the potential contact. Once the result of the PCR test is known we will then identify what the next steps will be.

Some residents on Donegal remain on isolation precautions which should end on Friday April 30th assuming no further contacts.

We are reminding people that if possible please do not plan to come into the building between 2:30 and 3:15 pm. This time is very busy with evening staff arriving and being screened and then day staff leaving. It is much quieter outside of these hours to come into visit and there are usually parking spots available.

Be well and stay safe,

Janet Morris
President and CEO
