## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello, the suspect outbreak on Dublin is now over. Residents can leave their rooms, return to the dining room, attend Mass as per the schedule and go to the garden on the designated times.

As always, we may have a few residents at St. Pat's who are isolating due to admission protocols for new people moving in or residents who have any of the symptoms of Covid19 while awaiting a swab result.

We continue to follow all of the required protocols from Ottawa Public Health and the Ministry of LTC.

Today I am attaching a link to our 2020 Annual Report. Although we did not do an Annual Report for 2019, as the pandemic was our priority in the spring of 2020, we have completed one this year. The goal was to commemorate the challenges, as well as the innovative, caring and exceptional work that was done by everyone at St. Pat's.

Our next planned update will be in one week, on Wednesday May 19<sup>th</sup>. If there are any changes that we need to let you know about we will send an update earlier. Hopefully we will have more direction on the stay at home order by then and we can provide further guidance for the impact at St. Pat's.

Take care and be safe,

***Janet Morris***
