UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have not yet received PCR result for the staff member from Cavan who had a positive rapid test Wednesday night.

If the result is positive, all of the residents on Cavan will have a PCR test done and will be retested on day 7 from the last contact. They will remain on isolation precautions for 14 days.

If the result is negative, the isolation on Cavan will stop.

Enjoy the sunshine this weekend,

Janet Morris
President and CEO
