UPDATE TO ALL FAMILY AND FRIENDS

Hello, a staff member has received a positive PCR result. The staff member has worked with some residents on both Cavan and Carlow. The SDMs/POAs for those residents with potential exposure will be notified directly. Those residents will be on isolation precautions, having their meals in their rooms and the required PPE is face mask, eye protection and gown.

The other home areas can continue with 'normal' activities and have no additional precautions.

Stay safe and enjoy the weekend,

Janet Morris
President and CEO
