UPDATE TO ALL FAMILY AND FRIENDS

Hello, we have had no positive COVID-19 results and are very thankful to everyone for keeping the residents safe.

We have received some new guidance that is effective immediately. Changes that affect residents and families/visitors are outlined below:

Screening: If you or a household member has been out of Canada in the last 14 days and are fully immunized and you have been advised federally that you do not have to isolate, answer NO to the travel outside of Canada question on the screening tool.

Absences: OVERNIGHT absences can occur. Testing and quarantine are no longer required for fully immunized residents who are returning to the home from an overnight absence. Overnight absences for residents who are **not fully immunized** need to be approved by the clinical team to ensure that there is an available room for isolation upon return.

Have an enjoyable long weekend,

Janet Morris
President and CEO
