UPDATE TO ALL FAMILY AND FRIENDS

Unfortunately, we have had some new positive cases on Waterford over the weekend. There are currently four active resident cases and five active staff cases. All the residents on Waterford are now in their rooms for meals and are on additional precautions. All staff and designated caregivers must wear full PPE (masks, gowns and eye protection) on Waterford.

Please remember that there is an increase in community spread, be vigilant. Keep your distance and your circle small if you can! Remember hand hygiene and proper masking. Get your booster (3rd dose) of COVID vaccine once you are eligible. Do not visit if you are feeling unwell and get tested if you have any symptoms. Due to being vaccinated, you may only experience mild symptoms like a cold and could still have COVID.

The rapid testing schedule for the next few weeks will be:

- Monday December 20th 3pm – 8pm
- Wednesday December 29th 7am – 3pm
- Thursday January 6th 7am – 3pm

Be well and stay safe,

Janet Morris
President and CEO
