UPDATE TO ALL FAMILY AND FRIENDS

Hello,

Although Donegal remains in outbreak, we have no positive cases of COVID in the home. We are awaiting a staff case to be resolved before the outbreak can be declared cleared.

St. Pat's Board of Directors and Leadership Team are currently in the process of strategic planning for the future. An important part of this planning is to engage staff, residents, families and other stakeholders. Attached to this update is an invitation for families to join in facilitated sessions to provide their feedback regarding strategic priorities. The information is also available on our website:

<https://stpats.ca/family-strategic-planning-consultation-invitation/>

Be well and stay safe,

Janet Morris
President and CEO

Family Strategic Planning Consultation Invitation

St. Pat's is in the process of strategic planning. Consultation with family members of residents is important to our process. We are looking for family members to be engaged in one of the upcoming strategic planning consultations.

Our facilitator Pamela Smit is holding three sessions with family members.

If you are interested in participating in one of the sessions organized by the Home, please contact Cheryl Elliott at x:248 or by email at cherylelliott@stpats.ca

- Virtual session for 10-12 people via Zoom on March 28th at 6:30pm
- In-person session for 10-12 people at St. Pat's on March 30th at 10:30am

The Family and Friends Council is coordinating registration in the other virtual session on April 2nd at 10am.

The focus in strategic planning is on the future. We think about the situation now and we reflect on what we would like it to be in the future. It is about the work we do and how we work as we strive toward our vision *"a welcoming home where everyone feels supported and cared for"*.
