## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello,

Unfortunately, we have had a staff member test positive on a rapid test. This only affects Kerry House. The families of the residents that the staff member had contact with will be notified by the nursing team. These residents will not be required to isolate but will be monitored for 10 days and PCR tested on day 5.

### **Screening**

Please use this link to access our visitor electronic screening form:

<https://stpats.ca/wp-content/uploads/2022/02/Visitor-Screening-Link.pdf>

You can complete this screening form prior to coming to St. Pat's. You will be asked to show the completed screening tool to the screener upon your arrival. We have been using a similar tool for staff with the goal to streamline the screening process for everyone and hopefully save some paper. If you prefer not to use the electronic tool you are welcome to continue to complete the paper screening tool when you arrive.

### **Strategic Planning - Family Consultations**

As a reminder, St. Pat's Board of Directors and Leadership Team are currently in the process of strategic planning for the future. An important part of this planning is to engage staff, residents, families and other stakeholders. An invitation for families to join in facilitated sessions to provide their feedback regarding strategic priorities is available on our website:

<https://stpats.ca/family-strategic-planning-consultation-invitation/>

As a reminder, there is a separate process to join the Family and Friends Council session which has been communicated to all members.

Be well and stay safe,

***Janet Morris***

President and CEO
