## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello,

The outbreak on Kilkenny has been declared over! All staff and resident cases are fully resolved.

We did have a positive staff case who worked on Cavan. A small number of residents are considered low-risk contacts and their families will be notified directly. These residents will be monitored for 10 days but are not required to isolate or be tested.

Please continue to follow all of the infection prevention and control protocols, wear your mask, practice good hand hygiene, keep physically distanced. **Masks are required at all times both in the building and on the grounds.**

As a refresher, here is the link to the Infection Prevention and Control education that caregivers and visitors should be reviewing on a regular basis: <https://stpats.ca/wp-content/uploads/2022/03/IPAC-Education-for-Visitors-032022.pdf>

Be well and stay safe,

***Janet Morris***  
President and CEO
