UPDATE TO ALL FAMILY AND FRIENDS

Hello, we are currently outbreak free at St. Pat's! We do continue to have some people testing positive on rapid tests with the identification of anyone who was a contact and the necessary follow up testing completed. If any resident is considered a contact their family will be notified.

New to St. Pat's

Please join me in welcoming Claire Rykelyk-Huizen to St. Pat's. Claire started yesterday as a social worker under Resident and Family Services. Claire has a wealth of social work experience and will be an undoubted asset to the clinical team.

Clothing Labelling

Unfortunately, our troubles with labelling clothing continues. The computerized labelling machine has now stopped working. A new one has been ordered and the expected delivery date is July 18. We appreciate your patience with this and if you can hold new items until the new machine arrives it would be appreciated.

Town Halls

A reminder about the Town Hall Meetings that will be starting in the next few weeks, see full details and the schedule here: <https://stpats.ca/town-halls/> To clarify, these meetings will be held in-person on the house area dining rooms as per the schedule. There is no need to sign-up to attend.

Be well and stay safe,

Janet Morris

President and CEO
