UPDATE TO ALL FAMILY AND FRIENDS

Hello,

The outbreaks on **Carlow, Dublin and Donegal** are all now resolved and general visitors have resumed visiting.

Kerry remains in outbreak with 11 residents who have tested positive.

Wexford remains in suspect outbreak at this time.

Thank you to everyone on the home areas who have been in outbreak for your adherence to the protocols and for your patience. It is a difficult time for everyone but your commitment to keeping the residents safe makes a huge difference.

Be well and stay safe,

Janet Morris

President and CEO
