UPDATE TO ALL FAMILY AND FRIENDS

Hello,

Kerry remains in outbreak with 4 resident cases. These residents will be resolved as of tomorrow; however, Kerry remains in outbreak due to staff cases that are related. If there are no additional cases, the outbreak should be over as of September 6, 2022.

The outbreaks on other home areas are all resolved.

As students return to school, we anticipate that we will see some increased Covid19 activity in the community which will impact St. Pat's. Please remember if anyone feels ill or there is someone in your household who is feeling ill, don't visit at St. Pat's as a protection for the residents.

Be well and stay safe,

Janet Morris
President and CEO
