UPDATE TO ALL FAMILY AND FRIENDS

Hello, we remain without an outbreak at St. Pat's.

Covid19 Vaccine Bivalent Dose

We know that the new bivalent COVID-19 vaccine booster dose is now available to our residents. Consent will be required again for this vaccine so you will soon hear from a staff member about this consent. Each person's timing will be different based upon the date of the last dose, whether they had Covid19 and that date and dependent on access to a supply. This vaccine is now also available for individuals over 70 and health care workers.

Resident Council Week

Residents' Council invites all members of the St. Pat's community to celebrate Ontario's third annual Residents' Council Week. This year's celebration runs from September 12 to 18.

To help celebrate this special week, Council has set up an information booth in the main lobby. Council President, Les Froats will spend time at the booth to answer any questions you have about the Home's Residents' Council. Thank you, Les.

As well, Les will be selling tickets for a 50/50 fundraiser draw that will support the good works of Residents' Council. The tickets are priced to sell, so please bring your pocket change.

Thank you for joining members of Council in this special celebration.

Mission Week

St. Pat's is marking **Mission Week** starting this Sunday, September 18. To learn more please drop by the display which will be in the front lobby or visit: <https://stpats.ca/about-us/vision-mission-values/> When you stop by the display be sure to enter the draw for a beautiful hand made shawl! You just need to answer a few simple St. Pat's questions.

Be well and stay safe,

Janet Morris

President and CEO
