UPDATE TO ALL FAMILY AND FRIENDS

Hello,

We are happy to report that we remain outbreak free again this week! Please continue with your infection prevention and control protocols, and remember do not come to the home if you are feeling unwell.

Door Access to St. Pat's After 8pm

Recently there has been some question about access to the main entrance after 8pm. The access cards provided to family members gives access to the home from 6am to 10 pm. If your personal swipe card does not open the door between these hours and you would like to have this access, please send your swipe card number to paulharris@stpats.ca so it can be adjusted. If you cannot see a number on your card, please bring it in to either Paul Harris or Richard Valiquet and they will provide a new card.

After 10pm the door is locked and access into the home is more controlled for safety of the residents and staff. Please ring the doorbell at the main entrance. This doorbell rings to a cellphone carried by the RN. Thank you for your patience as it may take a few minutes for the RN to respond to the doorbell as they could be providing care to a resident.

Take care and stay healthy,

Janet Morris

President and CEO
