## **UPDATE TO ALL FAMILY AND FRIENDS**

Hello, there are no outbreaks at St. Pat's. All of the outbreaks and suspect outbreaks have been resolved.

### **Parking**

Today we are seeing a number of cars parking at St. Pat's as a result of the picketing at Canada Post. We have told a number of people to leave however there are cars remaining here that should not be parked here. I am very sorry that this has happened and is certainly not something anticipated.

We will be ticketing all cars who are not supposed to park here and who are parked illegally. If by some chance you receive a ticket and are visiting someone at St. Pat's please let us know and we will address it. We do want to ensure that we have ticketed those who are not eligible to park here to stop this in the future.

Be well and stay safe,

***Janet Morris***
