UPDATE TO ALL FAMILY AND FRIENDS

Hello, there are no outbreaks at St. Pat's. Thanks to all and keep up the great job!

Parking

We have continued to ticket people parking illegally in the parking lot, including a number of cars which we believe are people who are picketing at Canada Post. The parking lot is very busy at some times of the day, in particular around lunch time. If you typically visit at lunch time parking is more of a challenge. If you have any flexibility around the time to visit, the parking lot has significantly more parking available after 3:30pm. This may be an option for those of you visiting to assist your loved one at a meal.

I hope that we will soon see some warm and sunny weather to enjoy the outdoors.

Be well and stay safe,

Janet Morris

President and CEO
