UPDATE TO ALL FAMILY AND FRIENDS

Hello, St. Pat's has no outbreaks at this time.

Today I am writing my final update to St. Pat's community. I am retiring on Friday March 1 and as announced last week, Monique Patterson will be the Interim President and CEO.

It has been my great pleasure to work at St. Pat's. The dedication of the staff, volunteers and Leadership team has made the past 9 years at St. Pat's an excellent experience. I know with Monique taking over that St. Pat's will continue to be a wonderful place to live, visit and work.

'None of us, ever do great things. But we can all do small things, with great love, and together we can do something wonderful'. - **Mother Teresa**

We are all working toward the same goal of making life for the people who live here the best it can be, one small thing at a time.

I wish you all the best,

Janet Morris
President and CEO
