#### **Access and Flow**

#### **Measure - Dimension: Efficient**

| Indicator #1                                     | Туре | - | Source /<br>Period   | Current<br>Performance | Target | Target Justification                                     | External Collaborators |
|--|------|---|--|------------------------|--------|--|------------------------|
| The Number of hospital visits analyzed per month | O    | · | In house data collection / April 1, 2024 to March 31, 2025 | СВ                     |        | New indicator to examine reasons for all hospital visits |                        |

#### **Change Ideas**

Change Idea #1 Audit resident charts that have been to the hospital to assess any gaps in change in condition being captured and reported to the physician.

| Methods   | Process measures  | Target for process measure  | Comments |
|---|-------------------|---|----------|
| The NP/RN will use the audit in the Go audit system monthly. The Quality and Risk Manager will distribute the audit results to the Clinical Leads and Medical Director to follow up with the RNs. | % of audit scores | Of the residents sent to hospital, 50% of the charts will be audited with a score of 75% by March 31, 2025. |          |

Change Idea #2 Ensure the Nurse Practitioner (in collaboration with the TOH) visits all residents who consent that were sent to the hospital and who have a change in condition.

| Methods   | Process measures | Target for process measure  | Comments |
|---|------------------|---|----------|
| Referrals to the NP in Point Click Care and Hospital Transfers Dashboard. | •                | The NP will analyze 50% of the resident charts who went to hospital and decrease the number of hospital transfers by 10% by March 31, 2025. |          |

# **Equity**

## **Measure - Dimension: Equitable**

| Indicator #2  | Туре | • | Source /<br>Period  | Current<br>Performance | Target | Target Justification | External Collaborators |
|---|------|---|---|------------------------|--------|----------------------|------------------------|
| Percentage of staff (executive-level, management, or all) who have completed relevant equity, diversity, inclusion, and anti-racism education |      | · | Local data collection / Most recent consecutive 12-month period | СВ                     | 15.00  |                      |                        |

#### **Change Ideas**

| Change Idea #1 Expand EDIA-R education to any staff and the EDI Committee                    |  |   |                               |  |  |  |
|--|--|---|-------------------------------|--|--|--|
| Methods  | Process measures                             | Target for process measure  | Comments                      |  |  |  |
| Education will be tracked in HIRS (ADP), analyzed and reported by the EDI committee with HR. | # of staff who completed education in EDIA-R | The Home will ensure that 15% of the staff complete EDIA-R education by March 2025. | Leadership to remain at 100%. |  |  |  |

#### Change Idea #2 EDIA-R Committee to create a terms of reference for the team and to provide education and awareness for committee members.

| Methods                     | Process measures   | Target for process measure   | Comments |
|-----------------------------|--|--|----------|
| Reported to Leadership Team | TOR is completed and education provided to all the team members. | The home will complete education and awareness training with 95% of the committee and the TOR is completed and followed by September 2024. |          |

Change Idea #3 Leadership Team to do an EDIA-R assessment using the tool from the CLRI as well as the EDI committee is to complete the same assessment. Compare and create an agreed action plan for 2024 to 2025.

| Methods   | Process measures     | Target for process measure  | Comments |
|---|----------------------|---|----------|
| Documents completed and approved at Leadership and EDI committee. | Assessment completed | The Home will complete an EDI assessment and an action plan for 2024/2025 that is collaborative, including frontline staff, residents, volunteers and families which will be completed by September 30, 2024. |          |

## **Measure - Dimension: Equitable**

| Indicator #3  | Туре | Unit /<br>Population | Source /<br>Period                              | Current<br>Performance | Target | Target Justification | External Collaborators |
|---|------|----------------------|---|------------------------|--------|----------------------|------------------------|
| Percentage of staff (executive-level, management, or all) who have completed relevant Indigenous Cultural Training. | С    | Staff                | Other / Most recent consecutive 12-month period | СВ                     | 15.00  |                      |                        |

#### **Change Ideas**

| Change Idea #1 Expand Indigenous Cultural Training to any staff and the EDIA-R Committee.       |   |  |                               |  |  |  |
|---|---|--|-------------------------------|--|--|--|
| Methods   | Process measures  | Target for process measure   | Comments                      |  |  |  |
| Education will be tracked in HIRS (ADP), analyzed and reported by the EDIA-R committee with HR. | # of staff who completed education in Indigenous Cultural Safety. | The Home will ensure that 15% of staff complete Indigenous Cultural Safety Training by March 2025. | Leadership to remain at 100%. |  |  |  |

# Experience

| Indicator #4  | Туре | • | Source /<br>Period   | Current<br>Performance | Target | Target Justification   | External Collaborators |
|---|------|---|--|------------------------|--------|--|------------------------|
| Percentage of residents who responded positively to the statement: "I can express my opinion without fear of consequences". | 0    |   | In house<br>data, interRAI<br>survey / Most<br>recent<br>consecutive<br>12-month<br>period |                        |        | Goal is to return to pre-pandemic benchmark and work more on person-directed approach. |                        |

#### **Change Ideas**

| Change Idea #1 Better inform Residents on their Bill of Rights and Whistleblowing under the legislation.              |  |  |  |  |  |  |
|---|--|--|--|--|--|--|
| Methods   | Process measures                         | Target for process measure                         | Comments   |  |  |  |
| Conduct education on different Residentights from the Fixing LTC Act as well as the St. Pat's Whistle Blowing Policy. | t # of education sessions held per year. | Two Resident education sessions per calendar year. | Total Surveys Initiated: 101<br>Total LTCH Beds: 288 |  |  |  |
| Change Idea #2 Small group meetings with residents on the 3 RHAs that scored the lowest on the resident survey.       |  |  |  |  |  |  |

| Methods   | Process measures                | Target for process measure                       | Comments |
|---|---------------------------------|--|----------|
| In person/private sessions with the residents who completed the survey. | # of residents who participate. | 75% of residents with a CPS score of 0-2 attend. |          |

Change Idea #3 Meet with staff to help them gain insight as to why a resident would respond negatively while having a person-directed approach to the conversation.

| Methods                                | Process measures                    | Target for process measure         | Comments |
|--|-------------------------------------|------------------------------------|----------|
| In person/private sessions with staff. | % of sessions completed with staff. | 100% of staff who attend sessions. |          |

| Indicator #5   | Туре | · · | Source /<br>Period  | Current<br>Performance | Target | Target Justification                         | External Collaborators |
|--|------|-----|---|------------------------|--------|--|------------------------|
| Percentage of residents responding positively to "I get my favourite food here?" |      |     | In house<br>data, interRAI<br>survey / April<br>1, 2024-<br>March 31,<br>2025 | 40.00                  |        | Goal is to return to pre-pandemic benchmark. |                        |

#### **Change Ideas**

| Change Idea #1 Ask residents' what their favourite meal is and provide it for their birthday.   |                                      |  |          |  |  |  |  |  |
|---|--------------------------------------|--|----------|--|--|--|--|--|
| Methods   | Process measures                     | Target for process measure   | Comments |  |  |  |  |  |
| In person/ private sessions with the residents who complete the survey their favourite meal for their birthday and received it.  80% of residents who wanted favourite meal for their birthday. |                                      |  |          |  |  |  |  |  |
| Change Idea #2 Add the question, What is your favourite meal? in a revised New Resident Admission Assessment.   |                                      |  |          |  |  |  |  |  |
| Methods   | Process measures                     | Target for process measure   | Comments |  |  |  |  |  |
| Enhance the ability to pull the data on new admissions to be able to detect trends.   | Question is added to the assessment. | 100% of new residents surveyed once the new version of the assessment is live. |          |  |  |  |  |  |
| Change Idea #3 Small group meetings on the 3 RHAs that scored the lowest on the resident survey.  |                                      |  |          |  |  |  |  |  |
