**UPDATE TO ALL FAMILY AND FRIENDS**

Hello,

**Outbreak Status**

We are currently outbreak free! The enteric outbreak was declared over by Public Health today.

**Summer is On the Way**

Just a reminder with the warm and sunny weather coming, that families and visitors are welcome to visit with their loved out front on the porch, in the sitting area by the flagpole, in our secure garden opposite the elevators or on the terraces on floors 2 to 5. Residents are encouraged to wear sunscreen and a hat when outside on sunny days and of course to stay hydrated in the heat of summer!

Be well and stay safe,

***Monique Patterson***

Interim President and CEO
