UPDATE TO ALL FAMILY AND FRIENDS

Hello,

Outbreak Status

We are currently outbreak free!

Social Worker Services

Our social workers provide counseling services and support during resident admissions and during periods of change, transition and uncertainty. They consult with other members of the care team on complex resident or family situations and help resolve difficult issues. They will help residents and your family with decision-making and to interpret information. During difficult periods, you and your family can request a referral for Social Work Services through the nursing staff on your home area or contact them directly at the details below:

- David Wainwright (Kerry, Kilkenny, Waterford and Wexford), ext. 280, davidwainwright@stpats.ca
- Claire Rykelyk-Huizen (Galway, Carlow, Cavan, Donegal and Dublin), ext. 285, clairerykelyk-huizen@stpats.ca

Be well and stay safe,

Monique Patterson

Interim President and CEO
