UPDATE TO ALL FAMILY AND FRIENDS

Hello,

Outbreak Status

We are currently outbreak free!

Accessible Parking Spaces

We have expanded our accessible parking close to the front entrance by adding an additional four spaces. Please ensure that if you are parking in the “handicap” spaces that you have a valid accessible parking permit displayed. Our parking lot is monitored and tickets will be issued for parking in these spots without a visible permit.

Please refrain from parking on our sidewalk/walkway. This assures free and easy access to our outdoor spaces for residents and their families.

Be well and stay safe,

Monique Patterson

Interim President and CEO
