UPDATE TO ALL FAMILY AND FRIENDS

Hello,

Outbreak Status

We are currently outbreak free!

Resident Home Area (RHA) Contact Information

We encourage residents and family members to express opinions - compliments as well as concerns. The first step if you have a concern is to go directly to your Registered Practical Nurse (RPN). They may not be aware of your concern and simply sharing it with them may be the quickest way to resolve a problem. The contact information for the RPN on each home area, as well as other care team members, is available on our website here: [RHA Contact Lists](#)

National Nursing Week

National Nursing Week in Canada is being celebrated this week from May 11 to May 17, 2026. We want to take this opportunity to reflect on the critical roles that nurses, PSWs, students and nurse educators play within our long-term care home. Every day, nurses play a crucial role in managing chronic conditions, medications, wound and palliative care on top of personal care, engagement and support, and building meaningful connections with both residents and family members. A big thank you to all of you for your hard work and dedication to our residents!
